The objective to be reached by the mailing of the letter suggested in relet of 6-5-69 is not readily understood and authority, therefore, is being denied.

It is to be noted that a previous letter under the pseudonym Dillon J. O'Rourke was authorized which related to the refusal by the University of Texas to allow SDS to use its facilities.

It appears that your current request would be redundant.

Your interest in this program is appreciated and you should continue to give it close attention.

NOTE:

San Antonio has proposed a letter be sent to the University of Texas student newspaper using the previously approved pseudonym Dillon J. O'Rourke which takes issue with an article appearing in the communist daily newspaper "The Daily World." This article merely enumerates those SDS members who attended a recent SDS council meeting and states that it was held at the University of Texas. While the reporting is erroneous, it does not appear that it would be of sufficient impact to be of value to this program.

NOTE:

By relet San Antonio suggested that a letter be directed to "The Daily Texan", the official University of Texas newspaper, supporting comments which have recently appeared in local newspapers and made by the Texas State Attorney General before delegates of a Boys State. In his comments the Attorney General criticized Students for a Democratic Society and militant minorities and called upon the law abiding majority of youths to make "non negotiable demands" on New Left to require them to cease their disruptive activities. San Antonio suggested the use of the pseudonym Dillion J. O'Rourke in preparing this letter. We have previously approved the use of this name by the San Antonio Office for this program. As the letter might serve to show support for law and order, we are authorizing it.

FROM : *[Signature]* SAC, SAN ANTONIO (100-10510)(P)

SUBJECT: COINTLLFPO - NEW LEFT

DATE: 6/10/69

ReSAlet to Bureau, 3/18/69, which was the 3-month status letter regarding this program as it pertains to the San Antonio Division.

The following is the current status of this program in the San Antonio Division:

1. POTENTIAL COUNTERINTELLIGENCE ACTION

By communication dated 5/21/69 in the case entitled, *[Redacted]* - SNCC," (Bufile 157-*[Redacted]*; SAfile 100-*[Redacted]*), the Bureau was advised that subject, who is a Priority I subject and who is also on the Aggitator Index of the San Antonio Division, was in possession of 2 rifles. Information was further received that subject may be en route to New York.

Referenced communication attempted to ascertain whether subject was in New York which may be in violation of his probation.

It has subsequently been determined that subject was in New York and it has further been established that subject apparently was arrested in New York for some violation of law. This matter is presently being checked out and his Probation Officer is being kept advised.

This matter has excellent potential under this program due to the fact that subject is one of the New Left - Student Nonviolent Coordinating Committee (SNCC) leaders in Austin, Texas. If his activity is curtailed, the New Left activities in Austin, Texas, will diminish substantially.

This matter is being closely followed by San Antonio.

JUN 20 1969

SA 100-10510

By communication 3/20/69, San Antonio requested Bureau authority to write a letter to the President of the University of Texas (UT) under San Antonio's Bureau-approved fictitious name and P. O. Box complimenting the President of the University for taking such a firm stand in barring the Students for a Democratic Society (SDS) from holding a meeting on the campus. It was pointed out pressure was being exerted against UT President to back down and change his decision regarding the SDS's use of UT facilities.

By communication 3/28/69 Bureau denied authority for mailing this letter.

By communication 4/17/69 the Bureau and Memphis were advised that information had been received from the [REDACTED] San Antonio, Texas, [REDACTED] that the Southern Student Organizing Committee (SSOC) had mailed, from Nashville, Tennessee, a publication which the school officials of the Northside Independent School District felt was obscene. It was further learned that the mailing of this publication was done under non-profit organization postal permit

This matter was referred to the Memphis Office to contact Postal Inspectors in an attempt to ascertain whether or not there was a violation of postal regulations. San Antonio felt that this was a golden opportunity to institute a counterintelligence program to hamper SSOC in its mailings.

San Antonio has not received any information regarding this suggestion.

By communication 5/9/69 the Bureau was advised that the established source at the UT, a retired FBI Agent, and who has been extremely helpful under this program, advised he was endeavoring to have the school regulations changed which requires that a request for the use of a facility at UT be submitted 6 days prior to the now required 3 days.

SA 100-10510

The thought behind this matter was that this would give the established source additional time to do some checking on the individual or organization seeking the use of UT facilities prior to granting authority to use same. Such a tactic would prevent New Left and other such organizations from using facilities at the UT.

San Antonio feels that this tactic has some merit.

By communication 5/21/69 San Antonio advised Columbia and Kansas City that an investigation was being conducted regarding a coffeehouse near Ft. Hood, Texas. San Antonio desired information from Columbia and Kansas City as to the successes they might have had under this program in closing down such coffeehouses.

It was learned from Kansas City, by communication 6/5/69, that a coffeehouse near Ft. Leonardwood at Waynesville, Missouri, went out of business when this establishment's insurance was canceled following numerous minor acts of destruction caused at this establishment reportedly by members of the U. S. Army and local residents who opposed this establishment.

San Antonio is looking into this matter as it pertains to the coffeehouse near Ft. Hood, Texas.

By communication 6/4/69 San Antonio furnished the Bureau and Houston a document issued by the Texas Manufacturers Association which was a document directed at published reports regarding SDS plans for a work-in at manufacturing plants. San Antonio felt that this document could be effectively used under this program.

By communication 6/9/69 the Houston Office advised their indices contained no information which would preclude the use of this document under the COINTELPRO.

SA 100-10510

San Antonio is considering the use of this document to be mailed to selective employers in the San Antonio, Texas, area; however, no action will be taken prior to obtaining Bureau authority.

2. PENDING COUNTERINTELLIGENCE ACTION

Relet pointed out that Bureau authority had been sought to prepare anonymous letters to be mailed to the parents of [REDACTED] and to the parents of [REDACTED]. It is to be noted that these 2 individuals were living together without benefit of marriage in the Ft. Hood, Texas, area and were involved with the coffeehouse near Ft. Hood.

By communication 3/24/69 the Bureau approved the preparation and mailing of these letters which was done.

It has recently been learned that these 2 individuals have moved to the West Coast and leads are presently outstanding to verify this information.

If investigation verifies that these 2 individuals have moved to the West Coast, this will have been most successful.

By communication 4/14/69 it was reported that 12 Cornell University students had been arrested on 4/3/69 by the Cameron County Sheriff's Office at Brownsville, Texas, swimming in the nude after they had attended an SDS Conference in Austin, Texas. Photographs of the 12 persons arrested have been obtained and have been forwarded to Albany who is conducting investigation regarding some of these subjects. These photographs were furnished to Albany to be used in a possible COINTELPRO of the Albany Office.

By communication 6/5/69 San Antonio requested Bureau authority to use a Bureau-approved fictitious name and Post Office Box in writing a letter to the Editor of the Daily Texan, UT daily newspaper. The contents of

SA 100-10510

this letter had to do with an article that appeared in the Daily World regarding a recent SDS Conference held in Austin, Texas.

Bureau approval is pending the sending of this letter.

3. TANGIBLE RESULTS

By communication 3/20/69 the Bureau was furnished a copy of a bill passed by the Texas Legislature regarding disruptive activities in connection with public schools. This document was furnished the San Antonio Office by a retired FBI Agent who is an established source at the UT. It is believed that information furnished by the San Antonio Office to this source at the UT was in no small measure responsible for this legislation.

By communication 3/26/69 Bureau authority was requested to mail a letter to the Editor of the Daily Texan pointing out that the University of Missouri had withdrawn official recognition of the SDS Chapter at that school and that the UT should follow the University of Missouri's example.

Bureau, by communication 4/9/69, approved the mailing of this letter which was published in the Daily Texan of 4/17/69.

By communication 5/1/69 Bureau authority was requested to submit a letter to the Daily Texan using San Antonio's fictitious name and Post Office Box for this program, pointing out some true facts left out of an American Civil Liberties Union (ACLU) letter that was printed in the Daily Texan dealing with the banning of SDS from the UT. The Bureau approved the writing of this letter and the letter appeared in the 5/15/69 issue of the Daily Texan.

On 4/11/69 it was learned that The Rag, an SDS underground newspaper, published in Austin, Texas, had been printed in the past by a printer in Seguin, Texas.

SA 100-10510

It was further learned that the printer in Seguin, Texas, had refused to publish any editions of this paper.

It is believed that the refusal by the printer to publish this newspaper was the result of a Bureau investigation on another matter in conjunction with the local police at Seguin, Texas.

4. MISCELLANEOUS

As relet pointed out, the bold and sophisticated operation launched under this program in having the SDS blocked from holding their meeting at the UT shows that this program is an effective weapon in counteracting the New Left. As the Bureau was advised by San Antonio letter of 4/3/69 [REDACTED]

the University's stand in barring SDS, University officials have been praised for taking such a stand. Among other things, the Texas Legislature has passed resolution commending the University for their action.

As it was pointed out in San Antonio's letter of 4/3/69, Mr. [REDACTED] advised confidentially that prior to the University Board of Regents meeting in which the board backed the UT's present stand on this matter, [REDACTED] had a private conversation with [REDACTED]

[REDACTED] thereafter, the Board of Regents met in Executive Session and agreed to come out publicly and back the President of UT in his stand. This type of activity, San Antonio strongly feels, must be utilized to make this program effective.

On March 26, 1969, an application for a corporate charter was filed with the Texas Secretary of State along with the proper filing fees. Charter No. 259926 was granted for Marsalon, Inc. The charter states that the corporation is non-profit, has no members, sells no shares, and is perpetual.

The incorporators are as follows:

Doran Williams, Texas American Civil Liberties Union, Scott W. Pittman, and David Lehman.

The directors are:

Scott W. Pittman, 809 Leonard Street, Austin, Texas; David Lehman, Colorado Apartments, Apartment No. C-107, Austin, Texas; David E. The following is some known background regarding persons mentioned above:

On December 12, 13 and 14, 1968, a "Conference on Legal Defense for Political Dissidents," was held at Winkler, Texas. It was reported that among those in attendance were 100 Texas lawyers, 30-35 "Movement People" from Student Non-Violent Coordinating Committee and the Students for a Democratic Society (SDS). Published list of names of participants in this conference reflects that some of the names of persons reportedly taking part in this conference are as follows:

[REDACTED]

The October 8, 1968, issue of the Daily Texan, a daily newspaper of the University of Texas at Austin, Texas, describes [REDACTED] as "A leading coordinator of SDS activities."

The March 15, 1968, issue of the Daily Texan, supra, reflects that [REDACTED] was the SDS write-in candidate for Student Assembly President.

On April 15, 1968, it was learned that records at the University of Texas, Austin, Texas, reflect that [REDACTED] is on the Executive Committee, Students for a Democratic Society.

The May 15, 1968, issue of the Daily Texan, supra, carries an article stating that [REDACTED] was quoted as saying that it looks as though he is not going to obtain a teaching position next year at a university. The article points out that he has applied to many schools but there are more people applying than jobs. The article states that he plans to begin completion of his Doctoral Dissertation writing on political philosophy. His teaching contract at the University of Texas expires at the end of May, according to the article.

According to the article, several of [redacted] friends are starting a private high school near Eastrop next year and he would give them help if they asked for it. He stated that it does not look as if this will be a potential job, however.

The article goes on to state that the controversial philosophy professor was told May 11, 1967, that his contract would not be renewed. This passed by a seven to six vote of the Philosophy Department Budget Council of the University of Texas.

According to the article, on October 2, the Budget Council reversed its decision by voting 6 to 5 to renew [redacted] contract, but because of the division in the department, Department Chairman Irwin Rich recommended that [redacted] not be continued.

According to the article, Arts and Sciences Dean John Silber recommended to President Herman Hekker of the University of Texas that [redacted] teaching contract not be extended. President Hekker upheld this recommendation.

The Regents, according to the article, had considered the case May 31 and issued the statement, "The termination of Mr. [redacted] employment was in all things ratified and made final by a unanimous vote of the Board of Regents."

The article states that [redacted] became a controversial figure in the state in 1967 after he called for a "revolution" to "change the American way of life." He made these remarks in front of the Capitol during an antiwar protest rally.

The article concludes by stating that Caroline has been teaching at the University of Texas two years. During the period, he has been the faculty sponsor for the Students for a Democratic Society.

ReSAlet to Bureau, 6/10/69, which was the 3-month status letter regarding this program as it pertains to the San Antonio Division.

The following is the current status of this program in the San Antonio Division.

I. POTENTIAL COUNTERINTELLIGENCE ACTION:

By communication 7/10/69, Bureau authority was requested to use San Antonio's Bureau-approved pseudonym to write a letter to the Editor of the Daily Texan regarding "Communist rules for revolution."

By letter dated 7/22/69, Bureau authority was denied to make this requested mailing.

By communication 5/21/69, San Antonio requested the Columbia Division to furnish information which could possibly be used in this program in closing down a coffeehouse such as in the vicinity of the Ft. Hood, Texas, area.

By letter 7/25/69, the Columbia Office furnished a communication pointing out that they had received recent information to the effect that the coffeehouse in their division may not be paying all their Federal taxes such as Entertainment Tax.

This aspect is being looked into by the San Antonio Division with respect to the coffeehouse near Ft. Hood, Texas, and thereafter the Bureau may be requested to allow San Antonio to contact the IRS Office to furnish IRS any appropriate information.

II. PENDING COUNTERINTELLIGENCE ACTION:

Information was received from Texas Department of Public Safety (DPS) Intelligence that a charter was filed with the Texas Secretary of State under the name of Marsalom, Inc., and that the incorporators were several security subjects of the San Antonio Division. It was determined that this corporation was going to set up a school near Bastrop, Texas, and that the purpose of this school, according to investigation was to be used as a radical revolutionary school. [REDACTED] controversial teacher at the University of Texas (UT), (and an SI subject of the San Antonio Office) might be one of the teachers at this school. It was further determined that the note for the property was being held by the [REDACTED] in Fredericksburg, Texas. It was determined further that one of the [REDACTED]

By communication 7/9/69, San Antonio forwarded to the Bureau a blind memorandum regarding security background of the subjects involved with Marsalom, Inc., and requested Bureau authority to furnish this blind memorandum to Mr. [REDACTED]

By communication 7/23/69, Bureau authority was granted to furnish this blind memorandum to Mr. [REDACTED] which was done. Mr. [REDACTED] verified the fact that the note for this property was held by the CSLA and he stated that he was very appreciative of this information. He stated he would watch carefully the transactions regarding this note to make certain that the payments were made on time. He stated that if it ever became overdue they would foreclose forthwith.

By communication dated 6/12/69, the Albany Division requested photographs of several security subjects that were arrested in Brownsville, Texas. These subjects had attended an SDS (Students for a Democratic Society) National Council meeting in Austin, Texas, and

SA 100-10510

On route back to Albany had stopped off at Brownsville and were arrested for swimming in the nude. Albany requested photographs of these individuals to be used under this program.

By communication 7/16/69, San Antonio furnished these photographs to Albany.

San Antonio is unaware at this time whether or not any tangible results resulted from the use of these photographs under this program.

III. TANGIBLE RESULTS:

By communication 5/21/69, in the case entitled, [REDACTED]; RM - SNCC," (Bufile 157-[REDACTED], SAfile 100-[REDACTED]), the Bureau was advised that subject was in possession of two rifles and further, that subject may be en route to New York which would be in violation of his probation. This information was verified and furnished to his Probation Officer and, as a result, subject was arrested on a warrant issued in County Court of Law in Travis County and it was recommended by the District Attorney's Office, however, that his probation not be revoked.

While the above incident was not a completely successful cointelpro operation it did cause a disturbance in the New Left group in Austin.

By communication dated 6/13/69, Bureau authority was requested to use San Antonio's pseudonym to write a letter to the Daily Texan dramatizing the fact that the former Attorney General in the State of Texas was very critical of the SDS. Bureau authority was granted, by letter 6/24/69, to write such a letter and this letter was printed in the Daily Texan, 7/1/69.

Bureau authority is requested to mail the following letter on commercial stationery devoid of any Bureau identification to Letters to the Editor, The Daily Texan, Drawer D, University Station, Austin, Texas 78712:

"Dear Sir:

"Much has been said and written in support of the October 15, 1969 Moratorium.

"I think it is about time that we sit up and take notice of what can happen in this regard. The October 21, 1969, issue of the Evening Star, Washington newspaper, carried an article in which the Vietnam Moratorium Committee and the New Mobilization Committee to End the War in Vietnam have agreed to cooperate in planning protests for November.

"The article also points out that the Student Mobilization Committee, an arm of the New Mobilization Committee, has called for an international student strike for November 14, to show opposition to the war.

The following is the current status of this program in the San Antonio Division:

I. POTENTIAL COUNTERINTELLIGENCE ACTION:

By communication dated 9/23/69, San Antonio requested Bureau authority to use San Antonio's Bureau-approved pseudonym to write a letter to the Editor of the Daily Texan, University of Texas, Austin, newspaper, regarding some publicity given to Monsignor EDWARD J. FLEMING, Acting President of Seton Hall University, from the State of New Jersey, in which Monsignor FLEMING told the students to either fish or cut bait.

Since the Board of Regents has adopted this policy, the activities of New Left groups will be followed closely and if it is determined that this policy can be utilized to block the activities of the New Left organizations on campus, the Bureau will be advised.

II. PENDING COUNTERINTELLIGENCE ACTION:

On 10/2/69, [REDACTED] advised that [REDACTED] is a teacher in the Head Start program under the auspices of the Austin Independent School District. Mr. [REDACTED] stated that the school district desires to terminate her services, but is unable to do so because of a lack of information from the Detroit public school system concerning her background.

Detroit was requested to furnish public source information to San Antonio and if suitable public source material is received, Bureau authority will be obtained to furnish this information to Mr. [REDACTED]

By letter dated 12/8/69, San Antonio requested Bureau authority to use San Antonio's Bureau-approved pseudonym to write a letter to the Editor of the Daily Texan regarding a recent speech made by former Texas Attorney General WAGGONER CARR in which Mr. CARR stated that an official of the SDS was behind the Vietnam Moratorium activities.

Bureau approval is pending whether this letter can be mailed.

III. TANGIBLE RESULTS:

By communication dated 10/23/69, Bureau authority was requested to use San Antonio's Bureau-approved pseudonym to write a letter to the Editor of the Daily Texan regarding an article that appeared in a Washington newspaper which dealt with the fact that a Vietnam Moratorium

Committee and the New Mobilization Committee to End the War in Vietnam have agreed to cooperate in planning a protest for November.

By letter dated 11/6/69, Bureau approved the preparation of such a letter which was done by San Antonio, and the letter appeared in the Letters to the Editor column on 11/11/69.

By communication dated 10/29/69, San Antonio requested Bureau and San Francisco to furnish public source information on [REDACTED] who was being sponsored by the Student Mobilization Committee for an appearance at Austin, Texas, in connection with the Vietnam activities on 11/13/69. This information, if [REDACTED]

By communication dated 11/5/69, San Francisco furnished public source information to San Antonio.

By communication dated 11/7/69, Bureau granted authority to furnish such information to [REDACTED] which was done.

Even though some of this information appeared in the news media regarding [REDACTED]'s background, [REDACTED] nevertheless spoke as advertised and it is not known just what effect this had on his audience.

Prior to the November 15th Vietnam Moratorium March held in San Antonio, the Moratorium Committee announced that part of the November 15th activity in San Antonio would be at the termination of a march to read the names of the Bexar County war dead that were killed in Vietnam. This activity was to take place at the National Cemetery at Fort Sam Houston, Texas. There are approximately

S/ 100-10510

300 names that the Moratorium Committee ~~SECRET~~ indicated would be read.

The source of these names by the Moratorium Committee is not definitely known but is believed that they were gleaned from the public press. As a result of the above announcement, military authorities forbade the marchers to actually enter the Fort Sam Houston National Cemetery but they would be permitted to gather outside the cemetery.

In addition, as a result of the above announcement, a highly placed source within the Veterans Administration was contacted in an attempt to secure the 300 names of young Americans from Bexar County, Texas, that have died in Vietnam for their country. This list was obtained.

The list was turned over to the American Legion, Post No. 2, of San Antonio, Texas, who prepared a letter to the next of kin of the 300 individuals who had been killed in Vietnam from Bexar County. The letter pointed out to the next of kin that the next of kin may or may not agree with the use of the names of their departed relatives. In the event that they object, the news media should be so advised as well as the American Legion.

In addition, a copy of this letter was furnished to a reporter on the San Antonio Evening News, a daily newspaper. This reporter, who was a member of the U. S. Army, "moonlights" as a reporter.

As a result of the American Legion's letter and the contact with the reporter, a considerable amount of publicity was received by the public in San Antonio prior to the march.

In addition to the news publicity on the press, radio and television, the manager of one of the leading television stations in San Antonio went on the air to criticize the protesters for using the 300 names without checking with the next of kin.

SA 100-10510

~~SECRET~~

As of 11/14/69, three telegrams and at least 16 letters from the next of kin of these 300 men had been sent to the American Legion as a result of the letter. In addition, a delegation from the Marine Corps League visited the American Friends Service Committee (AFSC) Office (the guiding force behind the Moratorium activity) to protest the use of the names of deceased Marine Corps personnel. In addition to this, Master Sergeant MACARIO CASTILLO, who had lost a son in Vietnam and who was a member of the U. S. Marine Corps, was interviewed on T.V. while standing near his son's grave at the Fort Sam Houston National Cemetery. He repeated as he had done in the newspapers his displeasure with his son's name being used by the protesters.

As of 11/16/69, it was learned through sources that at least 150 next of kin of the 300 servicemen that died in Vietnam had registered their objection with the AFSC. These 150 names were not read during the demonstration.

It is ironic to note that by the strictest coincidence the brother of [REDACTED]

On the afternoon of November 13, 1969, a source advised that a rally sponsored by the Student Mobilization Committee (SMC) was held on the Main Mall of the University of Texas at Austin (UT), Austin, Texas, and that the fourth speaker was [REDACTED]

[REDACTED] whose speech covered the following points:

1. History of the Vietnam War
2. U. S. Foreign Policy, particularing in relationship to Latin America and Cuba
3. Defense Functions at the universities and colleges
4. The Military - Industrial Complex from a Profit-Making Standpoint
5. Campus Unrest, with mention being made to People's Park, University of California at Berkeley, California, the Chicago demonstration at the Democratic National Convention with comments about the "Chicago 8". In connection with the violence that erupted at the Democratic National Convention, [REDACTED] stated that the demonstrators who were picketing were attacked by the police with tear gas; that they reacted by throwing stones; and that he advocated reacting to police actions such as tear gas with violence.

On November 14, 1969, a second source, a representative of another Government agency which conducts security investigations, advised as follows:

On the evening of November 13, 1969, approximately 1200 persons gathered in the Main Ballroom of the Texas Union

on the UT campus to hear the debate between the Young Americans for Freedom (YAF) and the Student Mobilization Committee (SMC) sponsored speakers.

The YAF participants were Major General Thomas Lane, U. S. Army Retired, and Reverend Raymond DeJaeger, who had served ten years in the Republic of Vietnam as a Catholic missionary. Participants for the SMC were Doctor David Edwards, Assistant Professor of Government at UT, and Robert Scheer, former editor of Rampart's magazine and a past instructor at City College of New York, New York City, and the University of California at Berkeley.

Only the remarks of the SMC sponsored speakers are set forth hereafter.

The first speaker for the SMC was Doctor Edwards. Edwards began his remarks by stating that if we are not aware of the position of the United States and Vietnam and aware of the cost of American dollars, American lives and Vietnamese lives, then there is no need for debate. Edwards further stated the main cause in our failure in Vietnam is a faulty attitude emanating from the foreign policy of the United States Government. This faulty policy, he stated, includes the United States' wish to determine the fate of people in the entire world, and the thought that the only device determining the fate of the people is in military force. Edwards further elaborated on these points for approximately five minutes, terminating his viewpoint with the statement that there is no need to consider communism as a worldwide ideal; that attempts to crush all forms of governments with communism is a truism. He further stated that the United States should not interfere with communism as communism is not antithetic to democracy; it is, however, the next logical step toward total placation of the people; that it is democracy - socialism - communism, in that order. He further stated that the goals of the U. S. in Vietnam is primarily and unequivocally the propagation of a democratic nation.

[REDACTED]

This, stated Edwards, is erroneous in substance because the government of South Vietnam is not a democracy but a dictatorship similar to that of Germany's Hitler. Edwards terminated his statement by stating that the only sensible objective of the United States should be "to bring all the boys home now."

The next SMC speaker was Robert Scheer, past editor of Rampart's magazine. In opening his remarks he stated that self-determination is the major factor in the debate over Vietnam. Scheer followed this with a defense of President Kennedy, stating that President Kennedy did not want to follow the war in Vietnam, did not want to deploy troops and quoted President Kennedy as follows:

"If the Vietnam War becomes an American war, it is lost for this is the essence of colonialism."

He further stated that the American press had lead the American public to believe that communists are savage murderers. He stated in a tongue-and-cheek position, "If this is true, why didn't the South Vietnamese believe this?". At this remark the partisan crowd became ostentatiously boisterous. Scheer stated that in no * way would a communist Vietnam interfere with United States foreign policy or United States otonomy. He stated that he does not believe that communism is a monolithic ideology. In Scheer's summation, he said that Vietnam should be allowed to have self-determination to determine their own freedom. He further stated that the only aggression in Vietnam is by the United States; that there are no Russian or communist Chinese troops within the country of Vietnam whereas there are American troops and allied troops including the Australians, New Zealanders, South Koreans, and a few sorted other countries. Scheer terminated his remarks by stating that we, the United States, had made a mess of the lives of the Vietnamese and we should quit.

STUDENT MOBILIZATION COMMITTEE

The SMC is characterized in the appendix attached hereto.

The November 14, 1969, issue of The Austin American, daily newspaper at Austin, Texas, carried the following article entitled "Vietnam Policy Debated at UT":

Vietnam Policy DEBATE

Debated at UT

By PHIL SKODA
Staff Writer

A standing-room-only crowd of about 650 jammed into the main ballroom of the University of Texas Student Union Thursday night to hear a debate

on Vietnam policy between two speakers for the Student Mobilization Committee and two speakers for the Young Americans for Freedom. The SMC team received the greatest response and applause from the audience. The meeting was hosted by the UT chapter of YAF.

Robert Scheer, former editor of Ramparts Magazine, drew a standing ovation and a multitude of raised fingers in the peace sign as he took the stage for SMC, along with government professor Dr. David Edwards.

Maj. Gen. (Retired) Thomas A. Lane, who served under Gen. Douglas MacArthur, and Raymond DeJaegher, author of *The Enemy Within*, represented the YAF.

Both sides opposed the Nixon administration's current policies in Vietnam, with SMC speakers espousing immediate, unilateral withdrawal and YAF speakers advocating a military victory.

Dr. Edwards, the opening speaker, said, "If the U.S. is

(From Page One)

indeed willing to accept any regime (in South Vietnam) that is chosen by the people of South Vietnam, then we might as well get out now."

Gen. Lane stated that the "biggest lie in the U.S. today is that the U.S. cannot win this war." We have not had a president who wanted to win the war," he said.

Scheer, the most enthusiastically accepted speaker of the evening, said that when the war became an American war it was already lost. "The only nationalistic movement in Vietnam has been led by the communists. We've made a mess of their lives and we should quit," Scheer told the crowd.

Rev. DeJaeger, a Catholic priest of Dutch nationality, stated that the U.S. is winning in Vietnam.

Orderliness prevailed during the meeting and a few would-be hecklers were quickly silenced by neighbors in the audience. Some hissing and jeering erupted during Gen. Lane's speech, but cries of "Let the man speak!" brought a return of order to the meeting.

YAF Debates SMC

By FRANK SMITH

The Young Americans for Freedom countered the Student Mobilization Committee in a debate which turned into a yelling, clapping and stomping question-answer period Thursday night before a packed Texas Union Main Ballroom.

The program began with comedy when YAF Chairman Mary Kay Davis introduced the debaters saying YAF speakers the Rev. Raymond DeJaegher and Maj. Gen. Thomas A. Lane were on her left and SMC speakers Dr. David Edwards and Robert Scheer were on her right.

The audience howled.

IT WAS an unusual exchange, the old against the young, right against the left, long hairs against the short and balding.

After an hour of preliminary addresses, the debaters and audience launched into two hours of question asking, answering and dodging.

When Miss Davis tried to ring down the curtain at 10 p.m., SMC spokesmen and supporters yelled, clapped and stomped — and the questions continued up-

til 10:20 p.m.

Edwards, a University assistant professor of government, began the debate saying the application of military force to influence other nations is disgraceful. He said the United States is trying to police the world, especially Southeast Asia, to prevent communism and enforce the American economic system on other governments.

"THE REASON there is so much violence in the world today is that the major powers have taken it upon themselves to teach other states to behave as the major powers wish," Edwards said.

Lane agreed with Edwards that lives are being spent unnecessarily in Vietnam, but felt the solution is to launch an all-out attack on North Vietnam, then leave. "The United States can win this war, and win it tomorrow," he said.

"If the United States will use its military power for peace," Lane said, "there will be no more war."

"Why Vietnam? Why not Yugoslavia, Spain, Brazil or

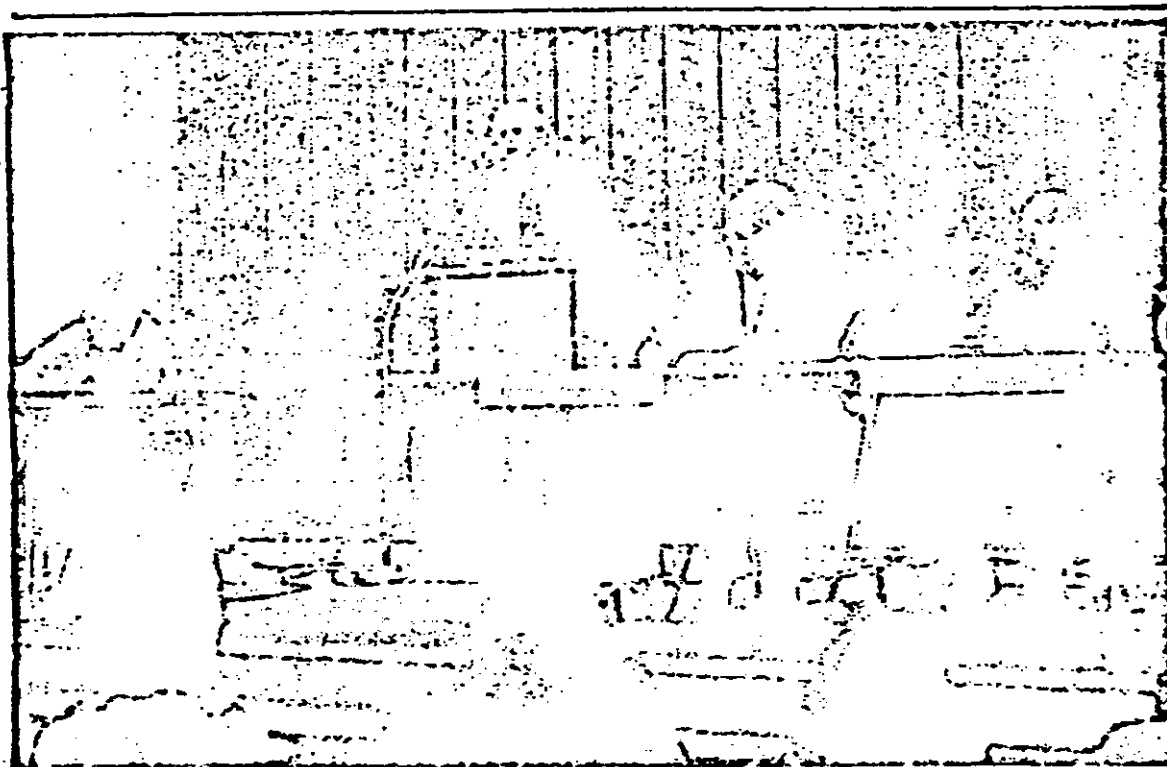

Greece?" asked Scheer, former editor of Ramparts magazine.

"Obviously the United States isn't interested in a worldwide campaign for freedom. We have no right, no competence, to be missionaries around the world. Leave the choice up to the people of the world," he said.

REV. MR. DEJAEGER, a Catholic priest who returned from Vietnam 15 days ago, said the South Vietnamese people have always fought for freedom and never accepted slavery. "They won't accept communism," he said.

Last year, DeJaegher said, two-thirds of the American and South Vietnamese forces were used for pacification by rehabilitating villages and one-third of the combined forces was used for fighting.

The questions ended with the outnumbered YAFs submitting to SMC demands that the debate continue a little longer, but Miss Davis finally cut off questions threatening to end the debate without final remarks.

STUDENT MOBILIZATION COMMITTEE
Also known as Student Mobilization Committee
to End the War in Vietnam;
National Student Mobilization Committee

A source advised on May 16, 1969, that the Student Mobilization Committee (SMC) originally grew out of the National Student Strike for Peace conference held in Chicago, Illinois, on December 28 - 29, 1966, which resulted in a call for massive antiwar demonstrations in New York City and San Francisco, California, on April 15, 1967. The National Student Strike for Peace was originally called by the Communist Party (CP). Division arose between elements of the CP and the Socialist Workers Party (SWP), culminating in a takeover by the SWP element in the Summer of 1968 and the CP element withdrawing. Source further advised the SMC locally and nationally is controlled by the SWP and its youth arm, Young Socialist Alliance (YSA) as evidenced by their participation in SMC functions and their leadership role played in the SMC.

The SWP has been designated pursuant to Executive Order 10450.

A report by the Committee on Un-American Activities, House of Representatives, Ninetieth Congress, First Session, dated March 31, 1967, entitled, "Communist Origin And Manipulation of Vietnam Week (April 8 - 15, 1967)" stated that the SMC and the April 15, 1967, antiwar demonstrations were communist dominated and inspired.

A second source on April 3, 1969, made available a copy of "The Student Mobilizer" dated April 5, 1969, which was self-described as being published by the National Office of the SMC to End the War in Vietnam, 857 Broadway, Room 307 New York, New York 10003. In this issue the aims of the SMC were set forth as: Bring the GIs home from Vietnam now; end campus complicity with the war; and win self-determination for Vietnam and Black America.

APPENDIX

2.

APPENDIX

In this issue of the publication, the SMC pledged itself to organize high school students, college students, future draftees, GIs and all young people to fight until every last GI is brought home.

A third source on August 5, 1969, advised that the SMC currently occupies Room 307 at 857 Broadway, New York, New York.

YOUNG SOCIALIST ALLIANCE (YSA)

The May, 1960, issue of the "Young Socialist" (YS), page 1, column 3, disclosed that during April 15-17, 1960, a national organization entitled "The Young Socialist Alliance" (YSA) was established at Philadelphia, Pennsylvania. This issue stated that this organization was formed by the nationwide supporter clubs of the publication YS.

The above issue, page 6, set forth the Founding Declaration of the YSA. This declaration stated that the YSA recognizes the Socialist Workers Party (SWP) as the only existing political leadership on class struggle principles, and that the supporters of the YS have come into basic political solidarity with the SWP on the principles of revolutionary socialism.

On March 10, 1967, a source advised that the YSA was formed during 1957, by youth of various left socialist tendencies, particularly members and followers of the SWP. The source further advised that the YSA has recently become more open about admitting that it is the youth group of the SWP and that an SWP representative has publicly stated that the YSA is the SWP's youth group.

The National Headquarters of the YSA are located in Room 532-536, 41 Union Square West, New York City.

On October 31, 1967, a second source advised that at the 22nd National Convention of the SWP held in New York City from October 26, 1967, to October 29, 1967, it was stated that the YSA remained as the main recruiting group for new SWP members.

The SWP has been designated pursuant to Executive Order 10450.

Lawyer Suggests Judicial Changes

Louis Nizer, noted attorney and author, said Saturday night at the forty-eighth annual Texas Law Review banquet that the Chicago conspiracy trial was a conspiracy between the defendants and their attorneys to bring a challenge to the American judicial system.

About 500 people, mostly former editors of the Texas Law Review, lawyers, judges and law students, listened to Nizer compare the Chicago 7 Trial to the Nazi sedition trial of 1934 and to the Communist trials of 1953. In both those trials there was a conspiracy, according to Nizer, to undermine the judicial system.

"I talk of treason to the judicial system and about a calculated plan to challenge it by the counsel and defendants of the Chicago trial," explained Nizer in an emotional voice.

He went on to outline six changes he said should be implemented to meet this challenge, saying that the right to dissent is precious, but dissent, itself, can be foolish or wise.

The six proposed changes are:

• "When a defendant, in a criminal trial, repeatedly and after several warnings disrupts the proceedings in a courtroom, the judge should clip him into jail. The

defendant should have access to the minutes of his trial, and if necessary a closed-circuit television but he should rot in jail, until he agrees to behave in the courtroom."

• "A lawyer is a prince of the court and if he violates, continuously and calculatingly, the rules of the courtroom he should be banished from the courtroom, in addition to being held in contempt of court."

• "The powers given to a federal court to cut down or eliminate useless testimony should be recognized by the upper courts, so that judges may act without fear of reversible error."

• "Judges should have the right to dismiss from the courtroom all the vociferous adherents of the defendants, and in order to make it a public trial, agencies such as the Civil Liberties Union, should be notified, so that they may send representatives to the trial."

• "Bar associations should have immediate disbarment against the few who dishonor our profession."

• "We should pass state and federal legislation to make obstruction of justice, in the courtroom, a felony."

Nizer is the author of two best-selling books, "My Life in Court" and "The Jury Returns."

A xerox copy of this masthead is being enclosed with this letter.

As the Bureau has been previously advised, the major portion of San Antonio's security work in the academic field is centered at the University of Texas at Austin, Texas. There is a student newspaper published daily at the University of Texas entitled, The Daily Texan, which in the past has carried many anti-war and anti-draft articles. While it is felt that this sentiment is subscribed to only by a minority of the students, nevertheless The Daily Texan does reach a sizable segment of the student body at the University.

San Antonio would like to distribute the first issue of "The Longhorn Tale" and requests that the Research Section prepare a general article written in the vein of a moderate who opposes the war and the draft, but an

It does not appear that the current efforts of the New Left to disrupt normal campus activities at the University of Texas or to subvert the students on that campus would warrant the distribution of such a publication as "The Longhorn Tale" at this time.

It is noted that relet states that although the University of Texas campus newspaper has carried antiwar and antidraft articles, only a minority of students subscribe to these sentiments. For this reason, it is not felt that any appreciable benefit would accrue from such a publication as suggested in relet.

It is also noted that San Antonio requested the Research Section to write an article for this publication. For your future guidance, it is felt that any such articles should be prepared by your office since personnel therein would be more knowledgeable concerning the current issues and personalities involved in campus strife and could, therefore, set the article in proper perspective. Any documents written should, of course, be furnished to the Bureau for prior approval.

NOTE: The Bureau has previously approved a masthead of a campus newspaper for use in this Program by the San Antonio Office at the University of Texas. By relet, San Antonio requested authority to use the masthead in publishing an anonymous campus paper which would attempt to neutralize antiwar/antidraft sentiment contained in the legitimate campus newspaper. San Antonio further requested the Research Section to prepare an article for presentation in this publication. Activities at the University of Texas do not appear to warrant the distribution of such a paper at this time.

SAN DIEGO, Calif. (AP) — A husky football star who stood alone between the U.S. flag and 150 campus demonstrators for three hours says he can't believe the favorable public response to what he did.

"I'm overwhelmed," Bill Pierson said Thursday.

Since the incident Monday, Pierson says he has received hundreds of telephone calls, letters and telegrams from across the United States, commending him.

Typical, he said, was one from a woman whose two sons died in Vietnam: "God bless you."

The school's athletic department reported many favorable calls, including offers of financial help if Pierson needed any.

Pierson, a senior marketing student, was walking from class when he spotted militants lowering the flag at San Diego State College to half-staff in support of their stand.

The 6-foot-3, 250-pound ex-sailor raised it back to the top

and stood his ground while being threatened with fire hoses and chemical sprays.

"I was born under that flag," Pierson told the demonstrators.

"I fought for that flag, and I am going to college because of what it stands for."

Although he was never attacked, he said later: "I wouldn't have moved if they had."

Pierson, 23, of Arlington, Tex., all All-West Coast center, joins the New York Jets professional football camp July 14. He has a wife and a 3-year-old daughter.

The American Legion, in a "Citation for Meritorious Service," said Pierson's comments in defense of his flag "should forever be the watchword of every red-blooded American."

"This community, yes this nation, owes Bill Pierson a debt of deep gratitude," the citation said.

NOTE:

By referenced letters, San Antonio suggested the use of a previously authorized pseudonym and post office box to prepare letters to "The Daily Texan," the official newspaper of the University of Texas at Austin, Texas. One letter would compliment and support a Texas student who was reported in a local newspaper as having stood against demonstrating students at San Diego State College, San Diego, California, preventing them from lowering the American Flag. The other letter would support a stand taken by Young Americans for Freedom (YAF) in which it insisted that classes remain open at the University of Texas.

Since appreciable benefit would not accrue from the mailing of these letters, they are not being approved.

I. POTENTIAL COUNTERINTELLIGENCE ACTION

By communication dated 2/25/70, San Antonio requested Bureau authority to purchase 12 copies of a document prepared by U.S. News and World Report entitled "Communism and the New Left." San Antonio desired to furnish this document to established sources in the security field.

By letter dated 3/11/70, Bureau pointed out that this book was readily available to the general public and it was not believed it should be supplied by the Bureau to established sources.

By letter dated 3/2/70, San Antonio requested the Bureau to use the post office box and the pseudonym approved by the Bureau in this program to mail a letter to the president of the American Bar Association and copies of Letters to the Editor of the San Antonio Light and San Antonio Express and News requesting that the American Bar Association discipline Attorneys WILLIAM KUNSTLER and LEONARD WEINGLASS for their conduct in and out of the courtroom at Chicago.

By letter dated 3/20/70, Bureau denied the mailing of this letter pointing out that both KUNSTLER and WEINGLASS were currently subjects of contempt citations and Bureau did not deem it appropriate that such letters be mailed.

Mr. NIZER's comments were given prominent display in The Daily Texan.

By letter dated 3/31/70, San Antonio requested Bureau authority to publish the first edition of "The Long Horn Tale," which the Bureau previously had approved as a possibility of a newspaper to be distributed at the University of Texas.

By letter dated 4/9/70, Bureau pointed out that it did not appear that the current efforts of the New Left to disrupt normal campus activities at the University of Texas or to subvert the students on that campus would warrant the disruption of such a publication as "The Long Horn Tale" at this time.

By letter dated 5/12/70, San Antonio requested using the post office box and pseudonym to write a letter to The Daily Texan to complain about coverage on certain stories. In addition, on 5/15/70, San Antonio requested Bureau authority to use the post office box and pseudonym to write a letter to The Daily Texan to praise the work of a college student (which article appeared in The Daily Texan) who stood alone between the U.S. flag and 150 campus demonstrators for three hours and refused to let the demonstrators desecrate the American flag.

TROTSKYISTS WELCOMED AT CATHOLIC UNIVERSITY!

Following in the wake of the bombshell indictments of Catholic priests and nuns in connection with the alleged plot to kidnap a Government official and sabotage Federal buildings in Washington, D. C., it is now reported that Catholic University (CU) will host a national conference of the Student Mobilization Committee to End the War in Vietnam (SMC) in Washington, D. C., during February. Has the Catholic church been duped again? It is almost inconceivable that responsible CU officials or high level officials of the Roman Catholic church would allow themselves to be thrust into the position of providing a sanctuary and planning base for a group of students whose sole purpose in meeting is undoubtedly to draw up battle lines and strategy for massive antiwar demonstrations to be held in Washington, D. C., and San Francisco, California, during April.

The invitation by CU is more puzzling, even appalling, when you consider the established fact that the SMC is communist controlled at every national office level by members of the Trotskyist Socialist Workers Party or its youth affiliate, the Young Socialist Alliance. J. Edgar Hoover, Director of the FBI, made this point perfectly clear in testimony before the House of Representatives Subcommittee on Appropriations during March, 1970. Could it be that CU has not kept abreast of disclosures involving subversive elements in certain activities of the antiwar movement, or does the University merely choose to ignore the facts? Both possibilities should receive serious concern!

CU has approved use of University space for National Student Antiwar Conference, sponsored solely by SMC, to be held 2/19-21/71. Purpose of conference will be to lay plans for massive antiwar demonstrations called for San Francisco (SF) and WDC during 4-71. Considering the indignation being displayed by many Roman Catholics after the revelation that Catholic priests and nuns were involved in a plot to kidnap a Government official and sabotage Federal buildings, it would seem completely in the public interest to disseminate, as widely as possible in the U.S., fact that CU is hosting SMC. After all, SMC is well documented (by Director in testimony 3-70 before House Subcommittee on Appropriations) as completely dominated and controlled by Trotskyist Socialist Workers Party and its youth arm, Young Socialist Alliance - a fact which should be brought to attention of Roman Catholics everywhere. Attached mass media item proposes to accomplish this.

RE: Student Mobilization Committee

100-446761

In this connection, SA contacts an established source [redacted] Archdiocese of San Antonio, and enthusiastic supporter of U.S. policy in Vietnam. SA points out there is currently strong resentment among Roman Catholic circles in San Antonio Archdiocese concerning local financial support to CU. SA requested authority to furnish public source material relating to SMC conference at CU to [redacted] who would certainly make strong protests to CU on behalf of San Antonio Archdiocese.

OBSERVATIONS:

Due to widespread far-reaching support CU receives from Roman Catholics in U.S., unique opportunity is presented to focus attention on situation that should bring voluminous and vehement criticism of CU decision and very possibly could result in cancellation of SMC conference on CU campus. Disruption of SMC plans at that point could seriously cripple its ability to organize effective massive antiwar demonstrations in WDC and SF, 4-24-71, with their ever-present danger of violence and bloodshed.

RECOMMENDATION:

1. That attached mass media item be furnished by Crime Records Division to cooperative news media contacts, on national level if possible, on confidential basis.
2. That attached airtel captioned "Cointelpro - New Left, (Student Mobilization Committee to End the War in Vietnam," enclosing leaflet being sent to students by SMC announcing conference, be sent authorizing SA to furnish leaflet and any other available public source material relating to SMC conference to [redacted] Archdiocese of San Antonio.

New York tends to indicate a fait accompli complex. However, New York should be aware that there is a great number of Catholics, both religious and laymen, who do not subscribe to this radical philosophy.

It is strongly felt that at the emergence of the so-called permissive attitude that if effective counterintelligence actions had been taken, the Bureau's investigation in New Left and other such matters would not have been as great as it is today.

For additional information of New York, through counterintelligence efforts of the San Antonio Office, we were successful several years ago in preventing the establishment of a Students for a Democratic Society (SDS) group at San Antonio College (SAC) in San Antonio. More recently, through a counterintelligence program with established sources at St. Mary's University in San Antonio (a Catholic University), the appearance of certain nationally-known radicals in the New Left Movement have been prevented. In addition to this, through counterintelligence efforts San Antonio has been able to minimize and perhaps stifle attempts by the Young Socialist Alliance (YSA) to establish a foothold at SAC.

As a result of the above, at the present time institutions of learning in San Antonio proper are free of any radical elements and organizations.

In addition to this, through these established sources in the Chancellery Office of the archdiocese of San Antonio, San Antonio was able to resolve a highly delicate situation which indicated that espionage was involved.

New York is requested to furnish San Antonio with any acceptable public source information regarding the conference at Catholic University so that it may be disseminated as authorized by the Bureau.

ReNYairtel 2/1/71; SAAirtel 2/4/71.

Comments of New York and San Antonio noted at Bureau. It is opinion of Bureau decisive, aggressive, timely and well organized counterintelligence operations invaluable in disrupting or altering, to our advantage, activities which are clearly against U.S. public interest. Major and overriding concern, of course, is providing full security to insure Bureau is protected as source of action.

Red
Planned Student Mobilization Committee (SMC) Conference at Catholic University (CU), WDC, 2/19-21/71, called solely for purpose of planning massive antiwar demonstrations, 4/71, with distinct possibility of resultant violence, property damage, and injury, is clearly against U.S. public interest. When considering well established fact SMC is Trotskyist controlled by YSA-SWP, it appears CU has committed serious error of judgement. When further considering financial support CU receives from Roman Catholics throughout U.S., majority of whom are undoubtedly anti-Communist and loyal Americans, it appears unique counterintelligence situation presented with potential to have SMC conference cancelled.

SUBJECT: COINTELPRO - NEW LEFT

DATE: 2/25/71

Enclosed to the Bureau is a xerox copy of an article appearing in the Daily World of 8/11/70, and a xerox copy of a portion of an article from PAUL THOMPSON's column of 8/19/70, in the San Antonio Evening News, both dealing with [REDACTED] John STANFORD

For information of the Bureau, PAUL THOMPSON is a "gossip columnist" of the San Antonio Evening News. He is very controversial but appears to have a large following in San Antonio. He has been described by some as a "mini" JACK ANDERSON or HERB CAEN.

There has been a widely held suspicion that many articles appearing in his column are furnished to him anonymously or through other reporters.

In order to test this theory, a xerox copy of the enclosed article from the Daily World was anonymously mailed to THOMPSON with a typewritten note which indicated to the effect that STANFORD apparently has reached the "big time."

Bureau will note that the enclosed article of THOMPSON's column of 8/19/70, was the lead story of this column.

This article caused some concern among Communist Party (CP) members and during a CP Club meeting there was some concern expressed where THOMPSON might have obtained this information. STANFORD stated that undoubtedly THOMPSON obtained it from the Daily World.

San Antonio feels that this article was important due to the fact that while STANFORD is publicly known as a CP member there has been some indication that many persons feel that he is "just a local commie."

It has been recently ascertained that the San Antonio Police Department Intelligence Division periodically "leak" information to THOMPSON on certain matters. It is understood that this information is feed to a reporter who is friendly to the police department who in turn feeds it to THOMPSON.

The above is being furnished to the Bureau for information only in the event the Bureau, under the Counterintelligence New Left Program, has an item that they desire to have widespread circulation. This information could either be furnished THOMPSON anonymously or could be furnished THOMPSON through [REDACTED]

DAVE

WINSTON BORN

Looks like San Antonio's little ol' Comrade John W. Stanford, he's made it big. He's a member of the Communist Party's National Committee USA. As such, he attended the recent "Mopca-do Barracks" celebration in Cuba as a guest of the Castro government. The blond, pipe-puffing Stanford, who talks like a philosopher but hangs out with some mighty feisty militants, paid homage to the Cuban Revolution in the company of no less a personage than Henry Winston, national chairman of the Communist Party USA...

HAVANA, Aug. 10 — Henry Winston, national chairman of the Communist Party, USA, headed a delegation from his party as guests invited by the Cuban Government to attend the 17th anniversary of the storming of the Moncada Barracks on July 26, 1953, that began the Cuban revolution.

The delegation also consisted of Fern Winston, of the Woman's Commission of the National Committee, and national committee members Gilbert Green, Joseph North and John Stanford. This is in a way a diary of a delegation that came at an historic moment in Cuba's rich history.

TO : DIRECTOR, FBI (100-449698)

DATE: 3/19/71

FROM : SAC, SAN ANTONIO (100-10510) (P)

SUBJECT: COINTELPRO - NEW LEFT

ReSAlet to Bu, 12/9/70, which was the three-month status letter regarding this program as it pertains to the San Antonio Division.

The following is the current status of this program in the San Antonio Division:

I. POTENTIAL COUNTERINTELLIGENCE ACTION

San Antonio learned through informants that JOHN STANFORD, a dominant figure of the CP of Texas, has been asked to serve on the Steering Committee of the AFSC in San Antonio. This request was by [REDACTED] Peace Education [REDACTED] of the American Friends Service Committee (AFSC). [REDACTED] is probably the most anti-Vietnam War activist and organizer in the San Antonio area. Inasmuch as the AFSC is funded in part by members of the Religious Society of Friends (Quakers) and since it is publicly known that President NIXON is a Quaker, San Antonio proposed under the CPUSA Counterintelligence Program (San Antonio letter 3/3/71) that this information, through the Bureau's "INLET" (Bufile 65-73268) Program, be made available to the White House.

Bureau, by communication 3/12/71, felt that this suggestion was impractical and no action should be taken regarding it.
